(8) Having clause

- write a SQL query to find department where the total salary paid exceeds 100000 (use Group by and Having)

```
select department, sum(salary) as total_salary
  from employees
  group by department
  Having total_salary > 100000;
```

Department	total_salary
IT	22000
finance	119000
Marketing	105000

(9) Combining Group by, Having, and ORDER By

- write a SQL query to list cities where more than one employee works, ordered by the number of employees in descending order.

```
Select city, count(*) as number_of_employees
from employees
group by city
Having number_of_employees > 1
order by number_of_employees desc;
```

city	number_of_employees
Chicago	3
New York	2
Los Angeles	2
San francisco	2
