⑥ AND Statement.

- write a SQL query to find employees who work in the finance department AND have a salary greater than 58000

```
select *
    from workspace.default.employees
    where department='finance' and salary>58000;
```

ID	firstname	Last_name	department	salary	Hiredate	City
3	Mike	Johnson	finance	60000	2017-09-30	L.A
7	Robert	Wilson	finance	54000	2019-10-01	Houston

⑦ OR statement:

- write a SQL query to find who work in the HR Department OR the marketing department.

```
select first_name,
        last_name,
        salary,
        department
    from workspace.default.employees.
    where department='HR' or department='marketing';
```

firstname	last-name	salary	Department
Jane	Smith	48000	HR
David	White	52000	Marketing
Jessica	Moore	51000	HR
Daniel	Clark	53000	Marketing
